

New Parking Arrangements

As some of you are aware, we have changed the layout of our parking on site. The parking bays directly outside of the shutter are Regal Court visitor bays, these are for guests of your business and the spaces you need to reserve when expecting visitors.

We believe this is a better and safer way to handle our parking from now on. We'd also like to remind and extend an invitation out to clients that you're more than welcome to pay for an onsite parking space as part of your contract with us. Just ask!

Reception Relaunch

All the building work and decorating is in full swing in order to get our new reception ready. With contractors,

builders, tilers flying in from here there and everywhere to get this done, we can't wait for it to be finished and relaunch this business centre. We're also getting the fob key access front door replaced too, so for all our clients who've been frustrated trying to enter the centre in the mornings, this shouldn't be happening again.

Our relaunch is looking to be a big event with catering, local press, other local businesses and we of course invite all of you to join us in celebrating. New opportunities will arise after the relaunch as we're looking to host more networking and local events to get our clients interacting and who knows, make great connections with other businesses.

If you have any ideas to put forward for our relaunch or any ideas for networking and bringing the centre together, please get in touch!

February, what's with the 28 days?

According to legend, Romulus the first king of Rome, devised a 10-month lunar calendar that began at the spring equinox in March and ended with December. The remaining days being "unofficial days" as wintertime wasn't important for the harvest.

The second king of Rome, Numa Pompilius, added January and February, each with 28 days. But even numbers were considered bad luck, so a day was added onto January giving the year an odd-numbered 355 official days.

February was left with 28 days and remained an unlucky month, rumours say it's because the Romans honoured the dead and performed rites of purification in February. In fact the word "februare" means "to purify")

Thank you!

As work continues on for the refurbishment of the ground floor reception, we'd like to take this opportunity to thank you all for your cooperation.
