

Happy New Year!

January is the first month of the year and the first month to have the length of 31 days. The first day of the month is known as New Year's Day. It is, on average, the coldest month of the year within most of the Northern Hemisphere (where it is the second month of winter) and the warmest month of the year within most of the Southern Hemisphere (where it is the second month of summer). In the Southern hemisphere, January is the seasonal equivalent of July in the Northern hemisphere and vice versa.

Did you know that January's birthstone is the 'garnet' which represents constancy. Also that the birth flower is the carnation.

A little Health and Safety...

As you are aware we run the centre Monday to Friday 8am-6pm. Within these time we are here to cover all health and safety procedures including the fire alarm system.

However, out of these hours it is up to the individual client to fully understand the procedures in order if something is to happen they know what to do.

But please note in an emergency to ring the centre manager Fiona, on her out of hours mobile: 07715 682 343.

Car Park Ramp

Over the last month we have had an increase of clients skipping the red light system on the entrance and exit of the ramp.

Please could we remind all clients to pay attention to these lights as they will let you know if another vehicle is using the ramp.

This month Regal Court will have some different forms of advertising in the Slough area!

Can you spot the Regal Court Logo!?

Why not explore the slough area and send us photos of what you find!

Got something to shout about?

Any news, special offers, successes or charity involvements you would like to share, please email us at reception@regalcourt.co.uk by Wednesday 27th January and we will include it in our next newsletter!

Winter Weather....

With the weather getting colder, there will be a chance of snow and ice. It is important all persons adhere to common sense protocols and accept they have a responsibility for personal safety by following simple rules :

Snow and ice present health and safety risks, as the potential for slips, trips and falls increases significantly.

Walk, don't run.

Wear appropriate footwear with a non-slip sole.

Try where possible to keep your hands free of objects in order to aid balance and minimise the effects of a slip, trip or fall.

Allow more time for your journey.

Be mindful of slipping while walking, particularly when using ramps and steps.

If driving be mindful of skidding when leaving car parks as they may not have been gritted.
