With the weather getting colder, there will be a chance of snow and ice. It is important all persons adhere to common sense protocols and accept they have a responsibility for personal safety by following simple rules:

- Snow and ice present health and safety risks, as the potential for slips, trips and falls increases significantly.
- Walk, don't run.
- Wear appropriate footwear with a non-slip sole.
- Try where possible to keep your hands free of objects in order to aid balance and minimise the effects of a slip, trip or fall.
- Allow more time for your journey.
- Be mindful of slipping while walking, particularly when using ramps and steps.
- If driving be mindful of skidding when leaving car parks as they may not have been gritted.
