### Rebranding!

You may have noticed a lot more yellow around the centre!

Along with the new exciting new renovation project, Regal Court is getting a New Look! With a fresh logo and regenerated centre we are excited to continue providing a great service to current and future tenants!

Welcome

A warm welcome to our new virtual office clients Payit LTD and Brits Standard Security!

Regal Court appreciates that not all businesses require a physical office but may need the prestige of a well-established business address.

PAYIT

Both companies are reaping the benefits of having a recognised registered business address.

### Ground Floor Redevelopment Progress

The building work has been underway for 4 weeks now! KMR Construction has made some amazing progress with the redevelopment on the ground floor! With a target completion date of the summer we are excited to see this progress and new office form!

Check out a small sneak peek of the work completed so far!

Are you interested in a new office on the ground floor?  
Do you know someone the search for serviced offices in the Slough area?  
Contact reception to discuss availability of these highly sort after offices!

### Next stage of the Redevelopment project

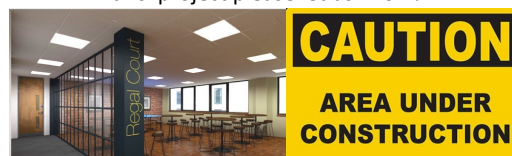

This next stage of the project will involve and bringing a brand new breakout area and kitchen to the **third floor!**

During this time the kitchen facilities on the 3<sup>rd</sup> floor will be out of use. This will be clearly signposted.

Please note some noise this may emit from this area, as we do try and complete much of the loud work outside of busy hours, sometimes this will not be possible.

While this work takes place we ask that all clients take extra care and keep vigilant whilst moving around the centre- particularly on the third floor.

We thank you in advance for your co-operation and If you have any questions or queries in regards to this project please let us know!
