

Welcome

Three new clients have taken advantage of our new Virtual Office packages!

This month we welcome **Reokart Ltd**, **Modish Builds and Fitout Ltd** and **Ruhi Traders Limited!**

Not all businesses require a physical office but may need the prestige of a well-established business address. This can be especially important when you are tendering for contracts with national organisations, government departments and local authorities.

So, if you are a small business currently working from home and a high street address is more appealing, why not enquire about our new packages which start from as little as £49.00 +VAT?!

Coronavirus Update

With some businesses yet to return to the centre from a year of lockdown we feel that it is important that we ensure everyone feels safe and comfortable to return to the office.

This includes x1 person / x1 house hold in a lift at a time, limited capacity in the break out areas and visitors encouraged to wear masks in reception and the communal areas. Additionally we will still be providing PPE for clients/visitors if required and hand sanitiser around the centre and break out areas.

However whilst we will no longer enforce the requirement of checking in via track and trace, we will still have this at reception for those who want to continue to use it. We ask that you continue to keep a record of all visitors as a precautionary measure moving forward.

We encourage everyone to work with us during this transition period and to acknowledge that everyone is at different stages of the uplifting of these restrictions.
